PREFABRICATED CARAVANS

Alatassi for prefabricated caravans is pleased to introduce the result of the latest research and development in the field of steel structure and insulated buildings . We manufacture stationary , movable and multi-storey insulated caravans that could be assembled side by side to obtain large horizontal spaces .

The caravans are available with different dimensions and can be supplied with full furniture . All our products are made according to the highest international standards and resist the worst harsh weather conditions of cold , heat , wind , and rain .

Tel. +963 11 88 11 178
Fax. +963 11 88 88 925

PREFABRICATED CARAVANS

Prefabricated buildings are used as temporary work places for oil and contracting companies , where they are used as temporary houses for workers and offices for engineers .

Prefabricated caravans can be used as guard rooms , sales booths , WC , lockers , kitchens , mobile restaurants , and temporary promotional caravans

Tel. +963 11 88 11 178
Fax. +963 11 88 88 925
Factory. +963 11 58 51 567

ESPECIAL FEATURES

1. Insulation & DURABILITY

Walls and ceiling are made of polyurethane sandwich panel which makes it an excellent insulation from hot temperature in the summer and cold temperature in the winter.
Since the polyurethane which walls and ceiling are made of is a very stable and strong materiel after injection makes the full structure a strong and rigid.

2. SIZE

All caravans can be fitted next to each other and on top of each other which make having large space easy and suitable for malty layer offices, operation camp, houses, complex, and any design suggested by the customer.

3. ROOF

Roof can be made in two different look. One will be straight and the second angle shape with corrugated covering that looks like bricks.

4. Assembly

The Caravan can be transport as a complete or can be transport as a kit then assemble it at sight which can save lots of transportation cost. Also it is easy to lift and move because it weight is very low compared to other prefabricated systems.

Tel. +963 11 88 11 178

Factory. +963 11 58 51 567
P.O.Box 14447 Damascus Syria
E-mail : abbad@.alatassi-group.com
Web site: www.alatassi-group.com

ESPECIAL FEATURES

5. Appearance

It is appearance from the outside can be done as the customer request, for example we can add covering from wood, plastic, or any materiel that fulfill the customer needs.

6. Interior design

Since we have large open space from the inside without beams we can make any room size and as much as the end user request, also the design can be altered in the future if the needs are changed.

7. Location

The Caravan does not request any foundation which makes easy to be installed any where such as desert location, forest, sea shore, any contraction site, oil fields, and on the roof of any existing building. The caravan must be erected on a concrete base that must be done by customer

Drafted:	***Walid Zeidan Procurement Assistant, UNDOF***	***Cleared:***	***Vladimir Tiurin Chief Procurement Officer, UNDOF 04/May/2012 09:50:15***

SUBJECT: **APPROVAL FOR APPLICATION TO REGISTER AS A UNITED NATIONS VENDOR**

Dear Mr. Attassi,

We are pleased to inform you that your application to register as a vendor to the UNDOF has been successful. **Your vendor ID number is: SYR-0202**

In this Regard, you are kindly requested to update your company profile in the United Nations Global Marketplace (www.ungm.org) as and when needed. Moreover, please be advised that any change in the company's financial situation should be communicated to the UNDOF Procurement Section as early as possible since any change that is not reported could lead to a review of the company's registration status.

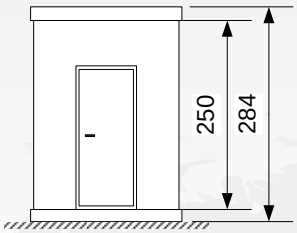

Kindly note that registration in the UNDOF database does not mean that your company is entitled to be included in all UNDOF solicitations. The registration means that your company will be given equal consideration during the process of vendor selection.

We thank you for your interest in the United Nations and look forward to doing business with you in the future.
